To whom it may concern

Becker Marine Systems GmbH & Co KG hereby confirms that Santierul Naval Constanta S.A. since 2010, has installed Becker Mewis Duct for different vessels,

During this time the yard has developed a very efficient way of installation, improved the quality and reduced the installation time tremendously.

Becker Marine Systems would like to thank Constanza Shipyard for the good cooperation in the past and it will be a pleasure to continue this cooperation in the future.

With best regards

ppa. Walther Bauer
